This includes studies, academic material, accommodation, meals, health care (medical center WOL) and school children.

COST OF THE SCHOOL YEAR GABRIEL PENALVA AND JACOB PEREZ : \$ 3,690.00 USD

The PEREZ Family

JOAN MARC: My parents are christian and grew up in a christian family context. I used to collaborate with the service in my church, but without really knowing what God wanted for my life. God led me down a long road until a serious traffic accident made me seriously rethink about my salvation. After some time my life tumbled again due to the turbulent christian life I had, and again God showed me the importance of following only Him.

CRISTINA: I was born in a christian family although the only christians were my parents and my grandmother. Due to work reasons, my parents could not always attend to church, and that is why I started to go to church with a family who had a daughter of my same age; with them I was able to go to all Sunday's meetings. At the age of 9 I accepted Jesus as my only Savior and asked him to come into my heart and be part of my life. When I was 14 years old I decided it was about time to make this decision public, and I got baptized June 19th of 1994 at the Paral-lel church where I was part of. Since a teenager I have always

actively collaborated in the church. Despite all this, there have been moments of spiritual weakness, but at the end I always see that God is with me, and that there is a purpose for everything that happens in my life.

FAMILY: got married in 2004 and have two sons, Dan (3 years old) and Noé (1 year old). Due to the inexperience, and poor formation about couple's matters, confrontation, resolution of problems, lack of work and spiritual weakness, God has brought us to the starting point of a trip to clean, learn, and reconstruct our marriage.

CHALLENGE: 2011 we started to work with Sergio Martinez in the youth ministry of our church in Sant Celoni; during the summer of the same year God spoke to us through different people about one thing: serving Him and making disciples. We started to pray about it and God worked in our lives up to the point of considering going to study to the Bible Institute in Argentina. Everything is in God's hands since He knows all things. Pray for us so that we can follow His will, and that He provides for all our needs.

GABRIEL PENALVA (22): From an early age I was taught about God and the Bible but in my teens understood that this was the truth take the decision to receive Christ into my heart in a more rational way. I really wanted to do the will of God but I knew I had to change things in my life. My biggest problem was wanting to do this in my way and in my time. In this summer camp Word of Life, 2012, a brother from the U.S. John Dillard talked to me about changing my lifestyle and take away sin to do the will of God. So at a meeting of dedication took the decision to turn away from sin by God's will. Now I feel the need to prepare my life to serve God in the BI of Word of Life Argentina. Please pray for me.

JACOB PEREZ(21): I was born in a Christian home in Barcelona and from an early age I was taught about the Word of God but at the age of thirteen I started getting involved with bad company and therefore entered the world of drugs which brought a number of problems with my family, the police and physically. For the past years I declared myself an agnostic and have been part of independence and revolutionary groups. This summer in the camps of Word of Life Spain after two intense weeks and a long conversation with Sergio Martinez decided to receive Christ and change my life forever. I acknowledge that this time is hard for me but I made the decision to prepare myself in the Bible Institute of Word of Life Argentina. Please pray for me
